PDCS FINANCIAL AGREEMENT AND GENERAL POLICIES

Thank you for choosing PREMIER DERMATOLOGY & COSMETIC SURGERY (PDCS) for your family's dermatology and cosmetic surgical needs. We are pleased to welcome you to our practice. Our chief concern is that you and your family receive the finest care.

We understand that occasionally some of our patients will experience financial difficulties. It is our hope that you will bring these situations to the attention of our Billing Department to allow us to help you manage your account in the most effective manner. Please be advised that your insurance coverage is determined by a contract between you and your insurance company. We will be glad to submit your claims for payment; however, the final responsibility for payment for services rendered rests with you, the patient, or the guarantor (person with financial responsibility for the account).

Please read our financial and general policies below and sign to verify your receipt and understanding of this information.

1. We accept cash, check, VISA and MasterCard.
2. If Medicare is your primary insurance, and your visit is for a medical condition that is generally covered or expected to be covered, we will gladly submit your insurance claim to Medicare. You will be responsible for any co-insurance and/or deductible, as required by Medicare.
3. For all insurances, your co-payment, co-insurance, and self-payment amounts are due upon receipt of our bill. For office visit copays, you are required by your insurance contract to pay at the time of service.
4. If your insurance carrier requires a referral from your primary care provider for treatment, it is your responsibility to obtain the referral prior to your appointment. If you do not obtain and provide the referral within the time allowed by your insurance carrier, you will be financially responsible for all services rendered.
5. Returned checks are subject to a $30.00 service charge.
6. We are happy to provide any counseling on our billing practices; however, if your account is not paid within 90 days of the date of service, you will be responsible for full payment plus a monthly finance charge of 1.5% per month.
7. If we are participating with your insurance company, we are contractually required to adjust your account by a certain amount, which is known as a "contractual write-off". This does not mean you will not have a balance. We will bill you for balances as intended and directed by your insurance company.
8. Please understand that some services may be OUT OF NETWORK with your insurance company, you will be responsible for the balance due.
9. If your account goes into "collection", then in addition to your outstanding balance, you will be responsible to pay a 25% fee charged by the collection agency as well as any subsequent legal or court costs.
10. Any Medical Necessity forms or letters required by your insurance company, or any communication outside the usual and customary forms required for billing or communication with other providers will be subject to a $25.00 administrative fee.
11. We will be happy to complete your disability forms which are subject to a $25.00 administrative fee.
12. As a courtesy to our patients relocating out of the area or changing providers for any other reason, we will be happy to supply you or your new provider with a copy of your medical records at no charge. Any other requests for copies of medical records will be subject to a $25.00 administrative fee. This does not apply to necessary ongoing communication with your other providers, related to your ongoing care. Request for MEDICAL RECORD COPIES will take a minimum of 3 full business days to process.
13. I authorize payment of medical benefits for myself/dependents directly to PREMIER DERMATOLOGY & COSMETIC SURGERY for professional services and the release of medical information necessary to process insurance claims.
14. **We require 24 hour notice of cancellation of your appointment. Missed appointments or cancellations with less than 24 hours notice will be subject to a $30.00 missed appointment fee. Missed appointments can result in termination of physician-patient relationship.**
15. Patients arriving after their scheduled appointment time will be considered late for their appointment, and their appointment may be rescheduled as a result.
16. If PDCS does not have a contract (non-par) with my insurance carrier, I understand that I will be responsible for paying PDCS if my carrier does not pay.
17. If a patient has cancelled or no showed a surgical procedure, then we may require a deposit to reschedule the appointment. This deposit will be between $100 and $1,000, depending on the time allotted for the appointment. This deposit will be forfeited, if another cancellation or no show occurs.
18. No use of audio, video or recording devices are allowed in our suites or exam rooms without expressed written consent from PDCS.
